**AUDITOR'S CERTIFICATE**

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer, town clerk, tax collector and selectmen of the Town of Eaton for the fiscal year ending December 31, 1977, and find them correct.

January 26, 1978

Allan C. Robotham  
Auditor

**REPORT OF THE EATON, NEW HAMPSHIRE  
AMERICAN REVOLUTION BICENTENNIAL COMMITTEE**

The Town of Eaton was represented by the chair-person of your committee, in colonial costume, at the re-enactment of "Three Critical Days in 1777." This re-enactment, commemorating the 200th Anniversary of Vermont's Urgent Appeal for Military Assistance from the 1777 New Hampshire Legislature and the Commissioning of Colonel John Stark as Brigadier General, was held at the Exeter Town Hall, Exeter, New Hampshire, July 12, 1977.

It was on the 6th of August that Mr. Hurll represented the Town of Eaton at the statewide commemoration of the Battle of Bennington held at Old Fort No. 4, in Charlestown, New Hampshire.

Among the events of the day-long program were an authentic colonial encampment, an exhibition of colonial martial arts, an official ceremony and military review, a slide show of the life of General Stark, along with the regular displays at the fort.

In the afternoon, a ceremony was held inside the fort. This was highlighted by a roll call of towns whose men fought in the battle. A special certificate was presented to the official representative of each town attending the ceremony.

Our certificate is inscribed with the names of Jonathan Towle and Thomas Danforth, Jr. and has been displayed at the "Store at Eaton" for everyone to see. The flag mounted in the frame with the certificate is the official flag of the New Hampshire militia under Brigadier General John Stark at the Battle of Bennington.

You, no doubt, will be pleased to know that our Tri-centennial Scholarship Fund has earned \$53.34 interest during the year of 1977.

Respectfully submitted by the members of your committee:

J. Keith Henney	Suzanne Levesque	Kathryn R. Rickert
Raymond Stineford	Barbara G. McKenzie	Charles W. Hurll, Chairman.

## REPORT OF THE BOARD OF ADJUSTMENT OF THE TOWN OF EATON

Case No. 77-1

A hearing was held May 11, 1977 at the Town Hall concerning a request by Ronald W. Beno for a Special Exception concerning Article IV, Section A-3 of the Zoning Ordinance of 1973. The applicant proposed to display a sign  $23\frac{3}{4}'$  X  $28'$ , on his property on the West side of Route 153 at the third house South from the intersection of Route 153 and Glines Hill Road in the Village District Zone.

Notices were sent to eleven abutters.

Three letters were received. All three registered "No Objection".

There were no objections registered for this particular sign.

The request was granted by a unanimous decision of the members of the board present.

"Resolved that the Special Exception for a sign measuring  $23\frac{3}{4}'$  X  $28'$  is granted because the members of the Board of Adjustment present; saw the sign and agreed that 'the same will not be detrimental or injurious to the neighborhood' and only five of the eleven abutters notified were interested enough to respond. The five indicated "no objection", three in writing and two in person.

Two notices were published in The Reporter prior to the hearing and notices were posted at the Eaton Center Post Office and at Town Hall.

The members of the board-

John R. Edge, Sr.  
Edward Ellis  
J. Keith Henney  
Charles W. Hurl, Chairman

**PROPOSED AMENDMENTS  
To The Town Of Eaton  
ZONING ORDINANCE**

**PROPOSED AMENDMENTS  
TO THE TOWN OF EATON  
ZONING ORDINANCE**

THE PLANNING BOARD OF THE TOWN OF EATON, New Hampshire, proposes the following amendments to the Town of Eaton ZONING ORDINANCE of 1973.

To change Article IV, Section A, Paragraph 3,  
from:

“ . . . and in no case shall any sign exceed in area four (4) square feet except as a Special Exception by the Board of Adjustment, hereinafter provided for, upon finding the same will not be detrimental or injurious to the neighborhood.”

to:

“ . . . and in no case shall any sign exceed in area eight (8) square feet. No person, firm or business shall be permitted to erect more than three (3) signs exclusive of those on the premises where such product, facility or service is offered, and that in no case shall any such off premises signs exceed in area four (4) square feet.”

### **Report of the Eaton Conservation Commission 1977**

The Eaton Conservation Commission had an active and productive year in 1977. The main activities consisted of beginning studies to find out more about the land owned by the townspeople of Eaton.

In June, a team of foresters from the state of N.H. began to map and cruise the timber resources of the town lands. They completed the Jackson Town Forest and one compartment of the James G. Simonds Memorial Forest. This study will show where the different species occur and how much timber there is. It will also include a management proposal and is being done at no cost to the town.

Also in June, Forrest F. Fogg, game biologist for the state toured the town lands and made recommendations on ways to improve wildlife habitat.

In mid summer, the commission sponsored Cindy Timmer to the Youth Conservation Camp run by the Society for the Protection of N.H. Forests.

In September work was begun on a set of by laws which will help in administering the town lands.

Another study, this one of the wetlands of the town, was started in September. Ralph Collins of the Harvard Graduate School of Design agreed to help the commission by mapping all the town's wetlands and then making recommendations on how they might be protected or enhanced. When this project is completed we expect to have a slide show and presentation for the people of Eaton.

The Conservation Commission thanks all those who took an interest in its activities and invites participation by anyone with ideas or concerns about the town lands.

### **Report of Mount Washington Valley Public Service Council**

In 1974, the Towns of Albany, Bartlett, Conway, Eaton, Hart's Location and Jackson created the Mt. Washington Valley Public Service Council to operate as a regional Refuse Disposal Planning Board as authorized by the New Hampshire General Court. The specific purpose as chartered by the member towns was to determine the advantages, if any, of the member towns joining in a regional Solid Waste Disposal System.

As each year progressed, pressure proportionally increased for the simple reason that every town must comply with Federal and State air pollution regulations by July 1, 1979. If all the member towns are not complying by July 1, 1979, each is subject to mandatory penalties of up to \$25,000 per day.

Each member town has its own unique problem, but the simple fact of the matter is that open dumps and open-dump burning will not be allowed after July 1, 1979, and, furthermore, any such burning now is in violation but either being allowed by special grant, which will cease on July 1, 1979, or the town is operating under appeal from a cease-and-desist order. Even in Conway's case, its incinerator is a stop-gap measure which will be forced to close on July 1, 1979.

Therefore, within the next year and one-half, each member town will be required to expend money and take physical action either in the form of a land-fill project, an approved incinerator, or such other means as to comply with the State and Federal regulations. Each town has a choice of taking this action by itself or in concert with its neighbors. Obviously, that solution which calls for the least expenditure of money for the member towns, as balanced by our needs in the future, is the most desirable.

The Mt. Washington Valley Public Service Council has selected Environmental Engineers, Inc., an affiliate of the Weston Group, to professionally analyze the Mt. Washington Valley area and determine the feasibility of a regional solid waste disposal system. If a regional solid waste disposal system is the most feasible, this meeting is the last opportunity for towns to initiate the necessary professional study to make that determination, and then authorize and form a solid waste disposal district and complete construction, if any, by the cut-off date of July 1, 1979, and forego any mandatory fines.

If each town approves its share of the study, it will be completed within three months. The study will also be completed prior to any town committing itself to forming a solid waste disposal district under R.S.A. 53-B. Only after the completion of the study, will a member town know if it is best to go it alone or join with its neighbors.

For these reasons, your Counsel highly recommends each town to authorize the funding of its share of the expenses of its Counsel to perform the feasibility study.

## TOWN MEETING

The meeting was called to order at 10:00 a.m. by moderator Ellsworth Russell with 47 people in attendance.

Articles 1 and 3 are on written ballot and the polls are declared open.

Article 2. Alex McKenzie moved the budget be adopted with Allan Robotham seconding. 36 pro 0 opposed.

Article 4. Allan Robotham moved to authorize the selectmen to borrow money in anticipation of taxes, if necessary. Alice Linscott seconded. 35 pro 0 opposed.

Article 5. Barbara McKenzie moved to appropriate \$6,000.00 for a new highway truck and authorize the withdrawal of \$4,500.00 for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 with the balance to be raised by taxation. Victor Gabriel seconded. 36 pro 0 opposed.

Article 6. Alex McKenzie moved to authorize the withdrawal from the Title II Antirecession Fiscal Assistance to State and Local Government Fund established under the provisions of Public Works Employment Act of 1976 for use of setoffs against budgeted appropriations for the following priority purpose Town Maintenance (summer and winter). Allan Robotham seconded. 34 pro 0 opposed.

Article 7. Alice Gabriel moved to authorize the selectmen to accept any gifts or grants from the Federal Government or any other sources. Alice Linscott seconded. 34 pro 0 opposed.

Article 8. Alice Linscott moved to raise and appropriate the sum of \$80.00 toward the support of North Conway Children and Youth Project. (C & Y Project) This sum to be used as rent for clinic and office space. Alex McKenzie seconded. 34 pro 0 opposed.

Article 9. Alice Gabriel moved to raise and appropriate the sum of \$60.00 in support of Senior Meals and Wheels program. Alice Linscott seconded. 37 pro 0 opposed.

Article 10. Mary Hoyt moved to raise and appropriate the sum of \$345.75 for the Home Health Agency of the Memorial Hospital, Inc. The said sum being equal to \$1.25 per person in the Town of Eaton. Alice Linscott seconded. Paul Hennigan then stated that monies raised were being used to take people out to dinner. With this discussion Mary Hoyt and Alice Linscott withdrew this motion and Paul Hennigan moved the same but used \$303.60 as a figure deducting the cost of the dinners last year. Alex

McKenzie seconded. 23 pro 9 against.

Article 11. Dr. Cass moved to raise and appropriate the sum of \$500.00 for the Memorial Hospital, North Conway, N.H. Victor Gabriel seconded. 34 pro 1 opposed.

Article 12. Barbara McKenzie moved to raise and appropriate the sum of \$168.38 to assist the Carroll County Mental Health Services, Inc. 1977. Alice Linscott seconded. 30 pro 0 opposed.

Article 13. Alex McKenzie moved to raise and appropriate the sum of \$25.00 to assist the Environmental Project. Marcia Heath seconded. This money was needed to cover the money lost in the goods shipped to Dover, N.H. which were lost in a fire.

Article 14. Alex McKenzie moved to authorize the selectmen to enter into a five year agreement with the Town of Conway for support and contribution to private independent ambulance services in form and manner as the selectmen shall determine appropriate provided the town shall bear only its share of expense of support in relation to its population to the total population of all participating towns. Allan Robotham seconded. 36 pro 0 opposed.

Article 15. Paul Hennigan brought to our attention that the law reads that we post all assessed values in town. HB 55 which amends this so that we don't have to, has been passed by the House of Representatives.

Paul moved that subject to the final passage of Hb 55 which amends RSA 76: 7-a so as to allow a town not to post the list of assessed values moved that such list not be posted but that the information be available at anytime by calling the selectmen.

It was brought to our attention that our liability insurance may not cover the beach unless we have a fulltime person at the beach and set hours to be open. The state law requires the beach to have a life guard. There was much discussion but we have to wait for further information from the insurance companies.

Mr. Hurll moved to reopen Article 2. Alice Gabriel seconded. So moved. Mr. Hurll then moved to raise the appropriation for the department of recreation to \$2,500.00 to cover a life guard if needed. 36 pro 0 opposed.

Dr. Cass informed us that at 9:30 a.m. Sam Head, one of our selectmen, who had suffered a serious heart attack the week before was doing well and was going to be taken from intensive care today.

Respectfully submitted,

Marcia S. Heath  
Town Clerk

## TAXES

For raising the blood pressure no subject of conversation can equal that of taxes. They seem to be the only things that can defy the universal law of gravitation which says that what goes up must come down. About the only way for taxes to come down is for the selectmen to make a mistake.

For it is the selectmen who determine what each property owner must pay to maintain the town and provide its services. This is a job the selectmen do not take on by choice — they have to do it by state law. They carry out this job by appraising each piece of property — land and buildings. In the past this process may have seemed to be a bit capricious but with the completion of the town tax map the job will be easier and the chances of one person's paying more than another person with the same kind of property will become rather remote.

The tax map shows all the individual plots of land drawn to scale and fitted together as a mosaic to form a map of the town. The map gives the acreage of each piece, its linear dimensions and its frontage on road or pond.

To make uniform assessments, the selectmen must be familiar with these individual pieces of land and their buildings. Some land is dry, some wet, some flat, some steep, some is field, some is forest, some lies on a blacktop, some on ancient dirt roads. All of these variables enter into the assessment. Every square foot of land, every foot fronting on a road, must pay its share of the town's expenses.

The final assessed valuation is the sum of three quantities: road frontage plus acreage plus buildings. The selectmen have devised a formula for calculating the several variables which enter into these three quantities. It is arranged so that favorable factors raise the value; unfavorable factors lower the value.

Formula for Frontfoot Value:

$$\text{Road type plus Slope} \div 2 \times \text{Frontage} = \text{Frontfoot Value.}$$

Land Condition			
Road Type		Slope	
Private or		Minimal	3
Discontinued	1	Moderate	2
Class 6	2	Severe	1
Class 5 dirt	3	<i>Land Condition</i>	
Class 5 tar	4	Water	4
State road	5	Swamp or	

Floodplain	3
Ledge or Barrow	2
Dry Ground	1

*Acreage Assessment*  
*Dollars per acre*

Forest	25
Waste	10
Homesite (first acre)	1000
(Second acre)	200
Campsite	500
Tillage	50
Orchard	50
Gravel Pit	20
Blueberry	50
Pasture	20

*Waterfront Value*

Crystal Lake	\$60 per foot
Conway Lake	\$60 per foot

As an example let us assume a plot of 40 steep acres fronting on 2338 feet of Class 5 dirt road.

**Frontfoot Value**

$$\text{Road type plus Slope} \div 2 = (3-1 \div 2 \times \text{frontage } (2338))$$

Land Condition (Dry Ground) 1

$$\text{Thus } 2 \times 2338 \div 1 = \$4,676$$

**Land Value**

This plot is made up of 35 acres forest and 5 acres wet or partially under water. There is a usable campsite on it.

$$\text{Land Value } (35 \times \$25) \text{ plus } (5 \times \$10) \text{ plus } \$500$$

$$\text{or } \$875 \text{ plus } \$50 \text{ plus } \$500 = \$1,425$$

$$\text{Total value} = \text{road frontage plus land } \$4,676 \text{ plus } \$1,425 = \$6,101$$

To this value would be added the value of any building.

How do the selectmen assess the value of buildings? If it is a new building, they compare it with other buildings already on the tax list and assess it accordingly.

Why do taxes go up? Everything goes up. Every foot of road costs more to maintain it than it did — culverts cost more, fuel for town vehicles costs more, wages and insurance are higher. To the basic costs like roads and schools, the people themselves in town meeting vote to appropriate sums for what they think are necessary or desirable. These sums must be raised by taxation.

Heavy snow storms in winter, heavy rain storms in summer cost money; an influx of schoolage children costs money. Taxes always go up! — K.H.

## **SUPERINTENDENT'S REPORT**

by

**Robert B. Kautz and David Stickney**

It is a pleasure to provide this brief report concerning activities in the Supervisory Union, and more specifically, in your school. As everyone is aware, a great deal of construction is occurring within the Supervisory Union. We are happy to report that construction at the high school will begin on or about April 1, 1978 and the anticipated date of completion is April 1, 1979. Therefore, everyone can be confident that double sessions will be ended in time for the full 1979-1980 school year. Besides this physical work, a great deal of time and effort is being spent by teachers throughout the Union in an attempt to provide accountability and improved curricula.

Vital educational growth has been undertaken this year which is evidenced by all the Union's teachers involved in activities to improve the curriculum and educational services to all children in Supervisory Union No. 9. Report Card Revision, Teacher Evaluation, Language Arts and Mathematic Curriculum Committees, Health Education and a Music curriculum are some of the varied activities being accomplished this year.

In addition to basic educational services being improved, each school board has adopted a plan for educating handicapped children. Additional staff and program offerings have been provided to establish appropriate educational offerings for those children experiencing educational handicaps.

We are very fortunate to have received a grant in cooperation with Carroll County Mental Health from the National Institute of Mental Health. This grant allows us to hire personnel for two years who will be helpful in providing the necessary services indicated by federal and state laws. These people will be working in all schools in the Supervisory Union, including your own.

SUPERVISORY UNION NO. 9

LETTER OF TRANSMITTAL

Supervisory Union Board  
Supervisory Union No. 9  
North Conway, New Hampshire 03818

Gentlemen:

We have examined the books and records of Supervisory Union No. 9 for the fiscal year ended June 30, 1977.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenue and expenditures present fairly the financial position of Supervisory Union No. 9 at June 30, 1977, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a consistent basis.

We extend our thanks to the officials and office staff of Supervisory Union No. 9 for their assistance during the course of the audit.

Very truly yours,

Plodzik and Sanderson
